Hey Sonam

I never heard back from our NOAA colleagues so I think it would be best to simply schedule a separate briefing for Senator Padilla's staff which would cover both inland and offshore areas related to Montrose. I assume we could be ready to brief Senator Padilla's staff later in the week.

Of course, if Senator Feinstein's staff invites Senator Padilla's staff to the Monday call, that would be perfectly fine by me. But that would be their call, not ours.

Do you have what you need to get back to OCIR?

Have a good weekend!

Enrique

Any updates from NOAA on looping Padilla's office in on Monday's briefing?

Separately, would we be ready to brief Padilla's office on Montrose later next week?

Sonam

Good afternoon Angela, Craig and Sarah,

I've added my colleague Sonam Gill as well. Sonam works in our Region 9 office, and she can help facilitate a briefing on the Montrose Chemical Corp. Superfund site and the deep ocean disposal of DDT near the Palos Verdes Shelf. We will work with folks on our end, and let us know timing on your end and we will try to set something up soon.

Thank you,  
Carolyn

Relatedly, we're hoping the briefing can cover the DDT barrel dump site that was found off the coast of Catalina. Thank you!

**Subject:** Requesting EPA briefing on Montrose superfund

Hi Radha, happy Friday! We wanted to reach out to request a briefing on the Montrose Chemical superfund site in LA. Is that something you can facilitate? Thanks so much.

Angela
